

## A Magic Letter from Twinkle The Real Tooth Fairy

Dear Fabberful Earthie friend,  
Wowee whirling swirls! It's the most exciting moment of all when you have a lost tooth! Isn't it fun to tell EVERYONE your big news!

At Surprises Central, all of The Real Tooth Fairies see your lost tooth light up right where you live on our giant twirling Earth globe. Then your picture flashes on a giant screen on the wall and we give a big cheer and do flying flips to celebrate your lost tooth.

After your Real Tooth Fairy comes to visit you that night, she flies your lost tooth to your very own Dream Tree that grows in the Tower of Dreams in Real Fairyland.

Your Dream Tree has 6 branches with pictures telling all about you - your achievements and your talents, your big and small dreams, who you've done kindness for and who's done kindness for you. The pictures on your tree are always changing just like you are. The Real Tooth Fairies watch over your Dream Tree and sprinkle it with Love and Glow and Hope to help your heart's dreams come true.

You can download your Dream Tree at this website and decorate it to show the story of wonderful YOU!

Hugs and fairy love to you,

*Twinkle*
